

STANDARD METAL

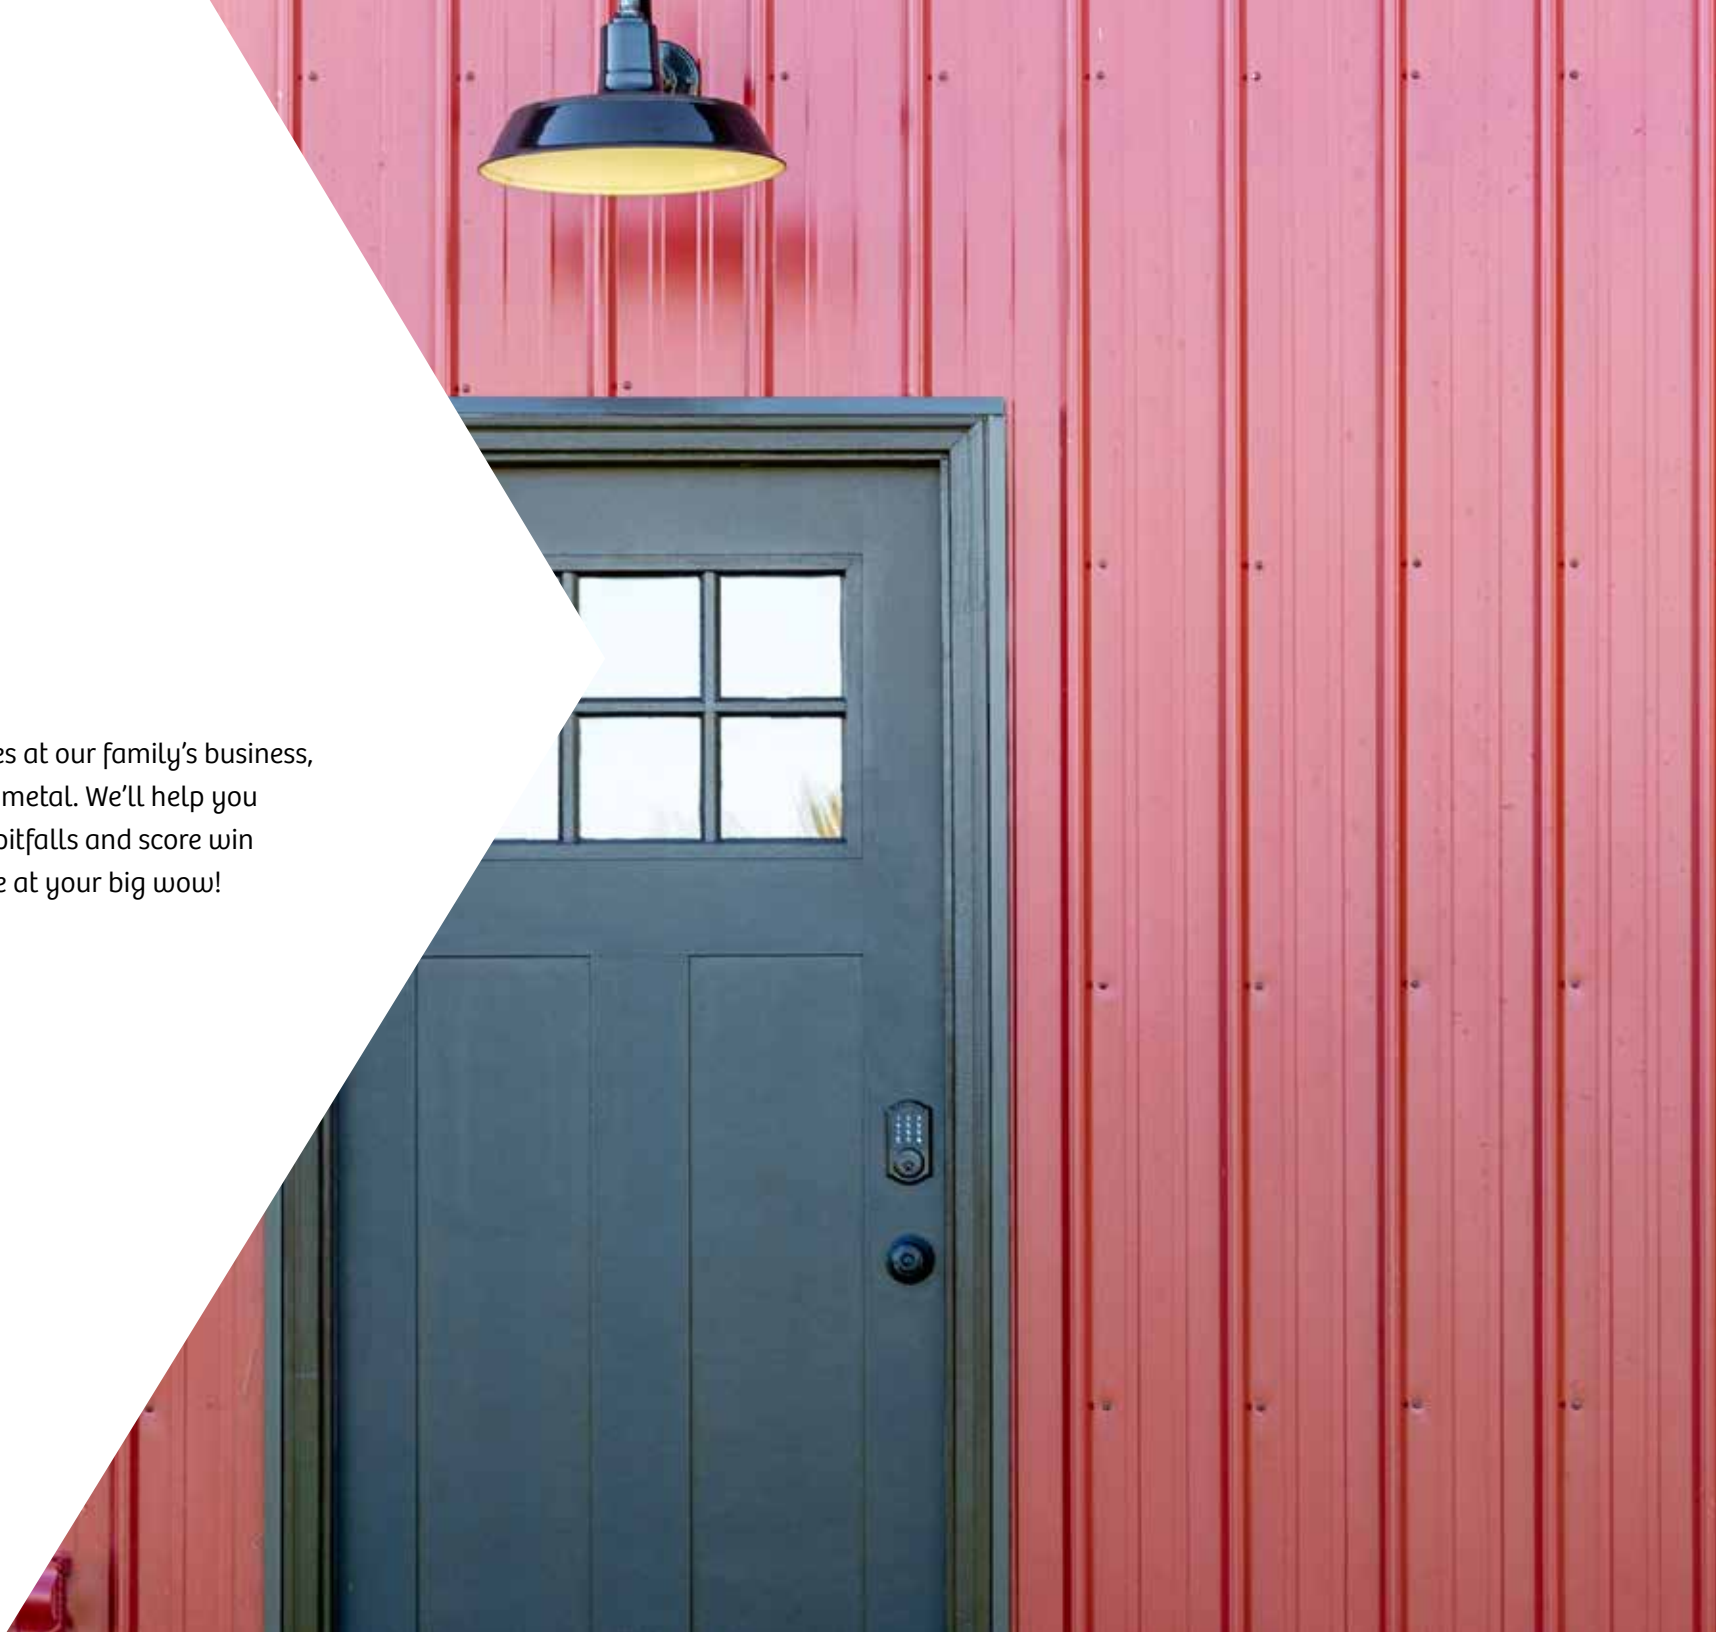

We're glad you came.

Located in southcentral Ohio,
Buckeye Metals delights in serving
every contractor or homeowner
who steps inside or gives us a call.

For almost two decades at our family's business,
we've been rolling out metal. We'll help you
dodge metal building pitfalls and score win
after win till you arrive at your big wow!

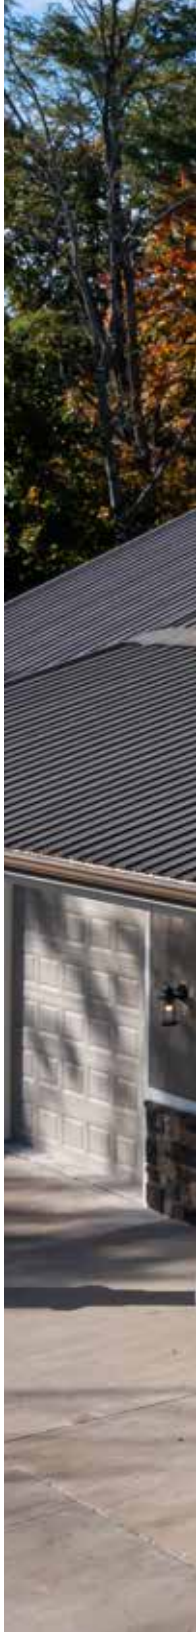

Buckeye—Your **Metal Supply GPS**

Navigating the maze of metal options isn't impossible, though it might feel like it sometimes. Whether it's a locally-stocked selection of top-quality offerings or a listening ear and hearty expertise, rest assured—it's here.

At Buckeye, we aim to check your boxes.

- A guide from start to finish.
- Premium results that are kind to the budget.
- Flexible suppliers that listen and “get it.”

We strongly believe in metal's power to preserve and enhance your buildings. Spin new memories on your journey and grow your legacy with Buckeye Metals.

At Your Side from Ground to Pinnacle

Supplier errors are a contractor's nemesis. Beyond costing you time and money, they can also chip away at your reputation as a dependable contractor.

When it comes to your orders, we defy procrastination and slipshod delivery. With speedy, accurate service, a plethora of metal choices, and contractor-to-contractor shoptalk, you're set up to watch each building rise from the ground exactly when it should. Hurrah for the future—let's partner together!

An aerial photograph of a white, two-story house with a dark grey or black metal roof. The roof has three prominent brick chimneys. The house is surrounded by a green lawn and some trees in the background. A white geometric shape, resembling a stylized arrow or a corner of a house, is overlaid on the left side of the image, containing text.

We've been
rolling metal
for 18 years.
We're here for
you through
thick and thin.

You've got choices!

THE BUCKEYE WAVE 4-RIB PANEL

Buckeye Metals specially designed this roofing and siding panel for contractors and homeowners who prefer a sleek, modern look. Admire the textured design that eliminates the “barn look.” Admire the competitive price—it’s an economical alternative to premium standing seam options while still notching up the class.

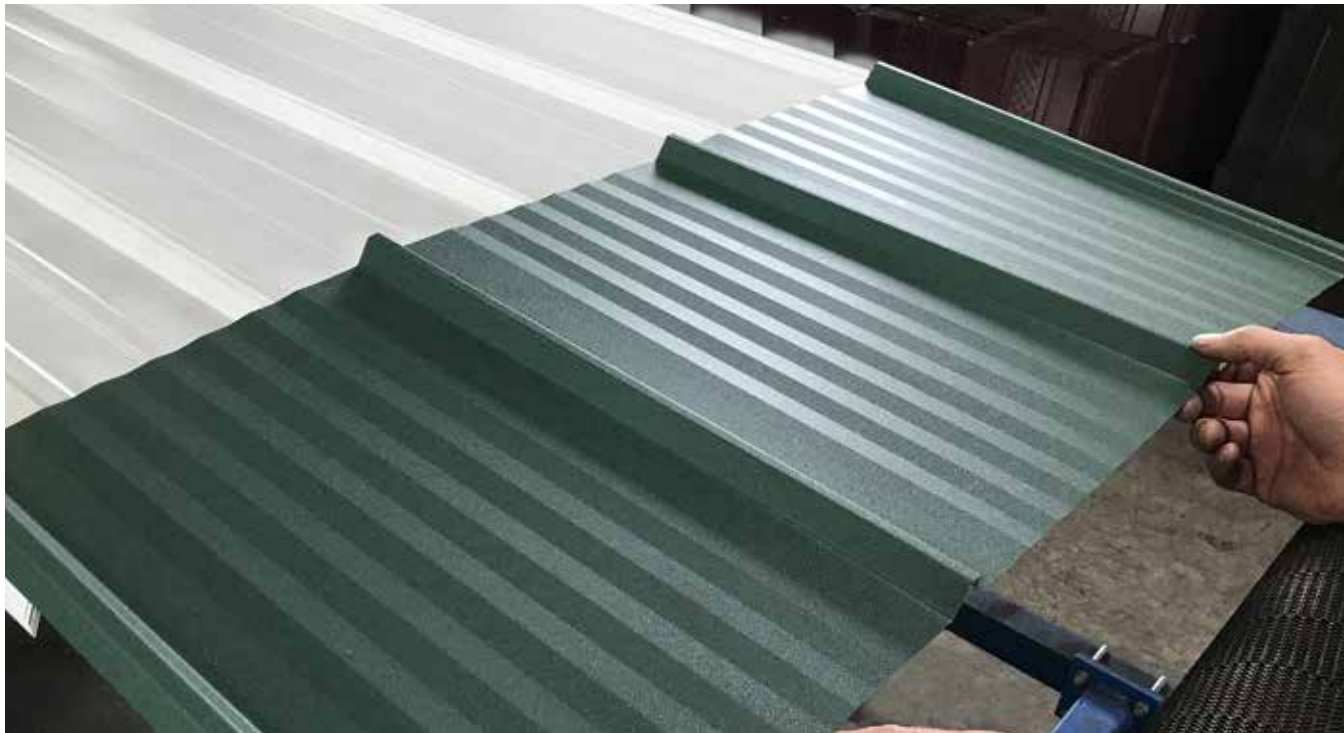

5-RIB PANEL

An industry favorite for pole buildings, shops, ag buildings, and residential roofs—this Standard Rib’s reputation is strength and durability. When stormy weather hits, relax knowing that you and your equipment is snug and dry.

PANEL SPECS

CUSTOM TRIM / 2 GAUGES

26 gauge	29 gauge
Most popular colors in stock	29 different colors in stock

Color Paradise

Do you dream of dressing your home in a daring color? Or do you love the classics? Either way, your color is here.

Our panels all receive the AkzoNobel CERAM-A-STAR 1050 COOL CHEMISTRY® premium-quality finish. This king coating deflects rather than absorbs the sun's energy, reducing your structure's heat build-up. And it all comes served up with a delicious 40-year Limited Warranty.
